

Contents

Summary

1. Introduction

1.1 Major constructions associated with the Koggala lagoon

1.2 Topography and Salinity

1.3 Status of the fishery

1.4 Biotic composition

2. Problem

3. Objectives

5. Methodology

5.1 Field work

5.2 Sample analysis

6. Results

6.1 Salinity variation in the lagoon

6.2 Salinity variation at the river anicuts

6.3 Water quality

6.4 Tide/Sea level variation

7. Discussion and conclusion

8. References

9. Acknowledgement
